ΤΗΕ WEDDING EXPERIENCE

A Guide for all Ether & Smith Couples

WELCOME

Welcome! This is such an exciting time for you! I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as a wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. The goal of this guide is to help you plan your wedding day in a way that will allow me to provide you with the BEST experience possible. Since we're official, the next step is to plan your engagement session and then start chatting about wedding day details as we get closer to your date! I'm beyond excited to be working with you!! Allen and I cannot wait to get to know you two during your engagement session and even though you may never meet the Cats, they say bi too!

MEET THE CREW

As you know, Allen and I work together as a husband and wife team on the wedding day. This is our full time job and we absolutely love doing this together! Building a relationship with our clients is important for our creative process. We want to know more about you so it's only fair you know more about us!

EMMA

This is me! I'm in charge of a lot of things... except laundry and cooking. I started this business when I was 22 years old after quitting my registered nursing job to pursue my dreams! I'm always the lead photographer and communicator. My strengths are in the creative side of things, however I am a planner and like to be organized. I'm the dreamer of the crew and so I'm constantly coming up with new ideas. Allen tries to make sure I'm being realistic when my head are in the clouds and balances my type A traits with his laid back Type B personality! :)

ALLEN

Allen is the reason I'm not crazy! He keeps so much straight in our business on the back end. Working together started for us in 2013 and we haven't looked back since! We love our days at home, but on the days that we're on the road, Allen is almost always driving... because unfortunately, that isn't one of my strengths either! Besides being an incredible assistant and second shooter, he's always there to help move heavy things, gives me water on hot wedding days, and make my life easier. On days off, he likes to play video-games and tinker with the

PC.

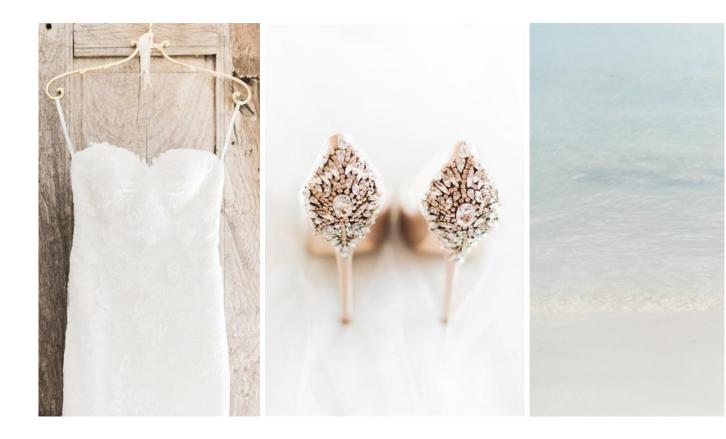

CATS

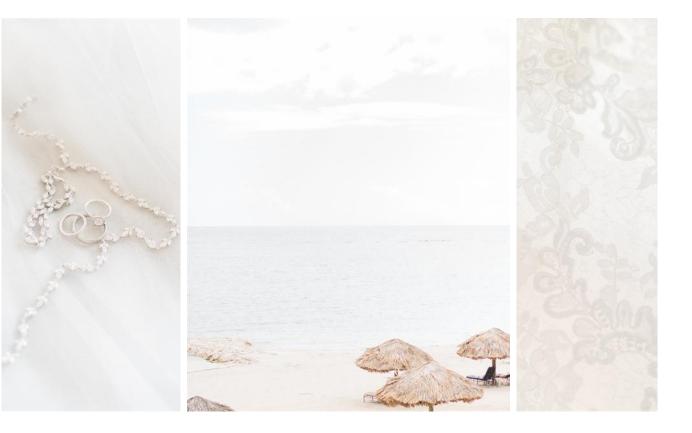

Meet our fur babies. Sasha & Slink. They don't like each other much but I think they are secretly in love. Slink adores Allen. He is overweight (shh...don't tell him that) and is on a diet. He loves food, meowing, and ear massages. Sasha is my fur-baby. She loves cuddling, purring, and belly rubs. Slink is an extrovert, Sasha is an introvert. They are very much like us. As you can't tell already, we are huge animal lovers. We hope one day we can open an animal sanctuary!

engagement SESSION

Now that you have picked a date, a photographer, and probably a venue as well, you can celebrate! Those are some of the toughest decisions in wedding planning and you can cross them off your list! Hooray!! Now on to the fun stuff.... like your engagement session! I include engagement sessions in The Wedding Experience because I truly believe that they are a VITAL part of the entire process. During your engagement session, you'll have the chance to get to know me, experience how I shoot and how I handle posing and lighting. This session will make a HUGE impact on how the wedding day flows. I'll arrive on your wedding day already knowing how you two interact, what your best poses are and how to photograph you in a genuine way. What I will learn about you during your engagement session is invaluable. You will feel like such a pro on your big day because of the great practice you had during your engagement session and that's how it should be! Your engagement session can be scheduled anytime before your wedding day. I normally suggest booking it at least 3-6 months in advance to avoid stress. Because our weekends are filled with weddings, I shoot engagements on weekday evenings, normally from 5-7pm depending on the light and the time of the year. In the winter months, 3-5pm is a normal time frame for an e-shoot. As you start to plan for your engagement shoot, you will need to start brainstorming about location ideas. I LOVE it when couples pick a location that is special or sentimental to them in some way. If you can't think of anywhere specific that you would like to shoot, I can help you decide on a location. As long as the light is great, I can make ANY location look awesome! I shoot at farms, campuses, downtown alleys and even laundry mats. I'm serious! Do not shy away from crazy ideas. The more creative, the better. Be sure to keep reading to find out more about outfit ideas and inspiration.

ENGAGEMENT PREP

It's always a little intimidating to have your picture taken even if it's just a photo on an iphone that is taken by a friend, we still want to look nice, make sure nothing is in our teeth and that our hair is behaving! I realize that preparing for your engagement session can be a little overwhelming. Here are some tips for outfits and accessories that will make the e-shoot preparation a little more manageable.

- Don't try to MATCH...try to pick outfits and accessories that coordinate instead. If everyone wore the same exact color at their e-shoot, how boring would those images be?

- Don't be afraid to be BOLD! Accessorize and make your outfits your own! Scarves, bold necklaces and fun shoes are always welcomed!

- MOST PATTERNS are actually ok.... however, graphics are not favorable for portraits. If you're wearing a pattern, make sure it's not overwhelming, distracting, or contrasting (ex. black and white)

- Be sure to check out my Pinterest boards for more outfit inspiration if you're having trouble!

- Empty your pockets! Literally. You don't want to have key chains or phones showing through your pockets. (This is for the guys especially!)

- Most often, couples like to have one casual, everyday outfit and then one outfit that is dressier! This will give your shoot two totally different "looks". Please arrive in your first outfit to save time.

- Make sure you're comfortable in what you're wearing. Make sure your clothes fit and flatter you, this is true to guys, make sure your suit or pants has a modern fit and are not baggy.

- BE ON TIME! The sun is only out for so long ! The later you arrive, the less time we have to shoot!

- Play with textures and fabric, ex. mix-match flowy with structure.

- Relax! You don't have to be a pro at this. I'm going to help you along the way and it's going to be a blast! Enjoy this time together and make a date out of it! Plan dinner afterwards and celebrate!!

OUTFIT INSPIRATION

ENGAGEMENT SESSION

Approximate Start Times :

WINTER Dec-Mar 3-5pm

During December through Mid-March you can plan on your engagement session taking place around 3-5pm. However, the time changes in Mid-March and so that will make the start time one hour later.

SUMMER Jun-Aug 6:30-8:30pm

Summer engagements, just like all engagements, take place two hours before sunset. This will hopefully mean that the shoot will be during the cooler part of the day.

SPRING Apr-May - Varies

The sunset time drastically changes throughout the course of these two months and so our shooting times change as well. You can plan on approximately 5:30-7:30 in April and 6:00-8:00 in May.

FALL

Sept-Nov - Varies

The sunset time changes drastically during these three months. In Sept, you can plan on 5:30-7:30 until the third week and then you can plan on 5:00-7:00 until Mid- Oct. After the first week of Nov, 3:00-5:00pm.

LOGISTICS:

- We photograph engagement sessions on weekday evenings because our weekends are dedicated to photographing weddings! We try to schedule sessions during low-season because of this.

- We love shooting at gorgeous locations. We recommend two locations max for engagements. A general rule of thumb is the more locations and outfits, the less images but the more variety you'll have!

- We can do sunrise sessions if necessary! We require sunrise shoots for those who want to take portraits in a very crowded location like landmarks and tourist spots.

- We love to travel to our shoots! However, if we have never been to your desired location, we may need some advice for where to park!

PREPARING YOUR GROOM

If you're a bride that is a little anxious about how your groom is going to react to this whole "picture" thing, you're not alone. We receive so many emails from brides who are worried that their groom won't be into it and I have great news for you.... you both are more photogenic than you think! We are constantly surprising couples by discovering their bidden modeling skills and our most common response from our Ether & Smith Grooms is "That wasn't as bad as I thought! It was actually fun.". Boom! Mission accomplished! When the groom says that taking pictures was FUN, we have done our job well! Your engagement session is supposed to be fun and relaxed and not forced or awkward. As you prepare for your shoot, there are a few things that you can do to help your groom know what to expect. First of all, I highly recommend sitting down with your guy and showing him 2-3 of your favorite engagement sessions that I have photographed. Spend some time together scrolling through a few blog posts, this will allow him to gauge what his expectations should be. I also recommend that you allow for plenty of time to get to your shoot! There is nothing worse than when a couple shows up late and they have been arguing in the car! That is definitely going to put your groom in a bad mood! Last but not least, remember to have patience with him and don't assume that he's not going to have a good time... I think you'll be surprised how much you will both enjoy your session with us!

your WEDDING day

SAMPLE TIMELINE

BRIDAL DETAILS 2:30-3:00

Every bride loves having those beautiful shots of her bridal details. It's an important part of the story and I love having some time to shoot the dress, shoes, jewelry, invitations, etc. These shots allow me to get warmed up for the rest of the big day. I normally like to allow at least 30 minutes for this part of the day. While I'm shooting details, I'm also capturing some shots of the bride and her girls getting ready! If the groom is getting ready nearby, Allen will begin photographing the guys close to 40 minutes before the first look since it always takes them less time to get dressed! After the details have been photographed, it's time for the bride to get into her dress! This is a big moment. I usually ask the mother of the bride and all of the bridesmaids to be dressed by the time the bride is ready to get into her dress. This ensures that everyone will look nice in those images. After the bride is in her gown, she can put on her jewelry, veil, shoes, etc. and I will shoot some additional bridal portraits!

3:00-3:45 BRIDAL PREP

FIRST LOOK 4:00

This is one of my favorite parts of the wedding day! I will find the perfect location for my couple's First Look prior to the getting ready portion of the day. Don't stress about that one bit! I will make sure the location is private and as secluded as possible. Here's the page that can be somewhat intimidating! The TIMELINE! I know this isn't the most exciting aspect of the wedding day but this is the one thing that can make or break your photography. The next two pages will outline an ideal wedding day working off of a 6 pm ceremony time-frame. This ideal timeline is also based off of a wedding day that includes a first look. 90% of my couples choose to do a first look and you can read more about that option a few pages over! Remember that all wedding days are different and your timeline may differ due to travel times and unique situations.

PORTRAITS 4:15-4:45

After the bride and groom take their time with the First Look, I will begin taking a few romantic portraits of the two of them while the initial excitement is still present! I will find the locations for these shots as well. Remember, the LIGHT determines where we shoot and so I can't decide on portrait locations until the day-of. However, I will come prepared with a mental list of locations from online research and armchair scouting. As we shoot these portraits, the bridal party can start making their way to us for Bridal Party portraits!

WEDDING PARTY PORTRAITS 4:50-5:20

Now it's time for Bridal Party shots! I buffer in extra time throughout the day just in case we have some unexpected things that hold us up! One way to make sure we stay on schedule for bridal party portraits is to have someone put the boutonnieres on the guys BEFORE they arrive for portraits. During Bridal Party portraits, Allen and I will make sure to take some.... great shots of the guys and girls both separately AND together! After bridal party portraits are complete, the bride will go into hiding so that early guests don't sneak a peek and the ushers will begin their duties.

5:30-6:00 BRIDE HIDES

THE TIMELINE CONTINUED...

DETAILS 5:30-5:50

If the reception is in the same location as the ceremony, I will use this time to shoot the decor UNTOUCHED. If the ceremony and reception are in different locations, I recommend having a cocktail hour outside of the main reception area if possible so that I can grab some great shots of your decor before the night begins and guests start laying down purses and coats on their seats!

It's time to get married!! Most ceremonies are 30 minutes long. If your ceremony is longer than 30 mins, we'll make adjustments to the timeline! Cherish these moments! Your ceremony will pass by so quickly!

CEREMONY 6:00-6:30

FAMILY PORTRAITS 6:40-7:10

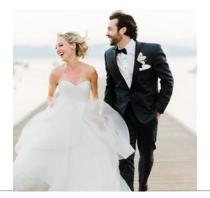

Family formals normally take place immediately following the ceremony. It's best to save all of the family formals until after the ceremony because ALL family members will be present at that time.

We'll need about 30 minutes for family formals and I will send a questionnaire before the wedding where you can list out the shots that you want. I recommend shooting portraits outdoors if possible so that they resemble more natural family portraits, especially if the ceremony location is dark!

A FEW "JUST MARRIED" PORTRAITS

7:15-7:30

Approx. 7:00 is the BEST time of day for portraits in the late spring, summer and early fall! This is when the sun is glowy and golden. I love having 10 mins. with the bride and groom to take a few "Just Married" portraits right after family formals - or we can save these for sunset photos if the sun sets later during your wedding! After these photos, I will then photograph the reception details whilst Allen captures the guests at cocktail.

RECEPTION BEGINS!

7:30

This is when the bridal party lines up for grand entrance and the party begins!! By this part of the day, my timeline isn't as strict. I work off of the natural light and so after the sun is set, my portrait time is over and I begin focusing on the reception events.

8 hours of coverage is ideal so that I can be present for the main events of the reception and about 30 minutes of dancing! If you're interested in having your exit photographed, there are several options for this. You can either add additional coverage or plan a faux exit with just your bridal party! We have had GREAT success with this and the party never stops! Email me about this if you're interested in learning more!

weddings & SEASON

Portrait & Timing Tips for: WINTER, SUMMER, FALL & SPRING

WINTER

Winter weddings are gorgeous! However, they do take some additional planning simply because of the sunset time. The hard part about a winter timeline is the fact that the sun sets around 4pm. This means that all of your portraits have to be done before then! This isn't a problem if you're having a late afternoon wedding. However, if you're planning on having a late evening wedding, you may have a bit of down time from 4pm until the start of the ceremony. You will also need more coverage time as well.

SUMMER

Summer weddings are amazing! I love that there is so much daylight! In some months, the light will last until 8:30pm. So, if you're having a summer wedding, you'll need to plan on having a few minutes to slip out of the reception for your sunset portraits! You will NOT regret this! This is the absolute best light of the day and you're going to want to have portraits during this time period. Usually these portraits happen during dinner or open dancing so that no one even notices that you're gone for a few minutes!

FALL

Fall weddings are my favorite! This is probably because Allen and I got married in the fall! I love the temperature and the colors. Depending on your wedding location, we just need one tree to make it Autumn-like, if it's in southern California, it's the perfect season for greenery and the lower temp. Your portrait time will vary depending on your wedding date. We'll be sure to discuss this when we approve your final timeline.

SPRING

Spring weddings are wonderful because they are the perfect temperature! However, I recommend having plenty of Claritin and Zyrtec on hand just in case allergies start to flare up during portrait time. Spring weddings normally mean the potential for some blooms! If we happen to find any type of blooming tree or plant, it will be worth it to give us a few minutes for a few portraits with it! You'll LOVE the result!

P R E C E R E M O N Y

LET THE DAY BEGIN!

This portion of The Wedding Experience really sets the stage for the entire wedding day. The next few pages will share tips and tricks that will ensure a seamless morning of bridal preparation and beautiful portraits!

GETTING READY

It's the morning of your wedding! Hopefully all of the little details are taken care of and you're relaxing with your best friends while your hair is being done. If certain items haven't been checked off of the todo list, it's time to hand them over to someone else. Delegation is a key part of a stress-free wedding day. I know it's hard to hand over the decorating duties and all of the last minute things that need to be done but, it really is important to relax the morning of your wedding. The rest of the day is going to be fast paced and filled with a lot of emotions! Take advantage of this down time! There are a few things to consider about the "getting ready" portion of the day. Do you want to share a "first look" with your dad or any other person who plays a huge role in your life? Will you and your groom be exchanging gifts during this time? If so, who would you like to deliver them? Are there certain women in your life who would appreciate seeing you get into your gown? Some brides want very few people around for this moment. Other brides love having aunts and grandmas present! It's totally up to you! A few other things to consider.... as you get ready to put your dress on, refrain from putting any jewelry on. I love shooting all of those final steps once you're in your gown! Speaking of the gown, if your gown is on a plastic hanger, try to make a note to bring a wooden hanger along for picture sake. If you forget, no big deal! I do bring a small styling kit to weddings which includes a pretty hanger. Keep reading along for more "getting ready" tips to belp you prepare!

THE WINDOW EFFECT

By having just a simple window in the bridal prep area, I am able to create beautiful portraits with soft light. I prefer natural light so the more windows, the better! Also consider the wall and furniture color of your suite or room, white or light neutrals are best!

RINGS, SHOES, JEWELS ...

The whole day begins with the DETAILS! This is one of my favorite parts of the wedding day because it allows me to prepare and get my creative side warmed up for the rest of the day! I photograph a bride's details in a way that matches and showcases the style of the entire wedding day. So, in some ways, the details set the stage for the look of the whole wedding and I love having ample time to stylize and shoot everything from the dress to the jewelry to grandma's handkerchief! To the right you'll find a list of the most common details that I shoot. I ask brides to gather any details they have before I arrive so that I can walk in, say hello, give you a huge hug and then begin with all the goodies! (Please ensure your mom that I will take GREAT care of the

dress, I promise!)

WHAT TO BRING

dress veil / hair pieces rings (all three) shoes bouquet & bout jewelry perfume invitation suite borrowed & blue

DAY-OF REMINDERS

GATHER the goods.

EXTRA elements.

KEEP all three rings. If possible, collect all of your details and have them in a corner or on the bed before I arrive, this allows us to begin quickly and have more time for some "getting ready" shots of you and your girls!

Sometimes, depending on the theme and "look" of the wedding day, there may be some extra elements that you could include when you gather your details. For example, if you're having a garden themed wedding, you could include pieces of flowers, ribbon, or an antique tray. If you're having a rustic themed wedding that includes some wooden elements, maybe save a small piece of wood for me to use when I'm shooting your rings and jewelry. This REALLY makes for beautiful, consistent album spreads!

The most common detail missing when I arrive are the rings! Moms, officiants and, planners will tell you to hand over your wedding band to the best man before the day begins. However, it's actually better to hand it over during the bridal party portraits so that I can shoot some great ring shots during the getting ready! If you forget, no worries, I can always shoot the ring shot at the reception if there is extra time!

BRING the bouquet. Don't forget the Bouquet! Have the bouquets and bouts delivered to the bride before the first look so that she can have her bouquet in her portraits. No worries, if it's hot, we'll be sure to keep it in water as much as possible before the ceremony! When you're planning a wedding day timeline, the best advice I could give is to ADD CUSHION TIME! Sometimes the most simple things can take an extra 20 minutes and then all of a sudden, the whole morning is thrown off. I have seen "getting the bride in her dress" take almost 40 minutes because of a button malfunction, hair/makeup ran late, or the bridesmaids were still getting ready. It's a smart idea to add in an extra ten minutes here and there so that we have some wiggle room to work with! This way, if one part of the day gets thrown off by 20 minutes, I can belp you compensate that time in other areas. There are so many different things to think about when you're planning a wedding day and so here are some tips for the pre-ceremony timeline! I realize that every single wedding day is different and so not all of these tips will apply to every wedding day schedule. Something else to consider is that not EVERYTHING will go as planned, and I promise you, that is completely normal!!

BOUQUETS AND BOUTS

You will need your Bouquet & Bouts for your First Look! Have them delivered to the room where the bride is getting ready.

TRAVEL TIME

Be sure to think about the travel time and TRAFFIC to and from your getting ready location and your venue! I recommend doubling the travel time.

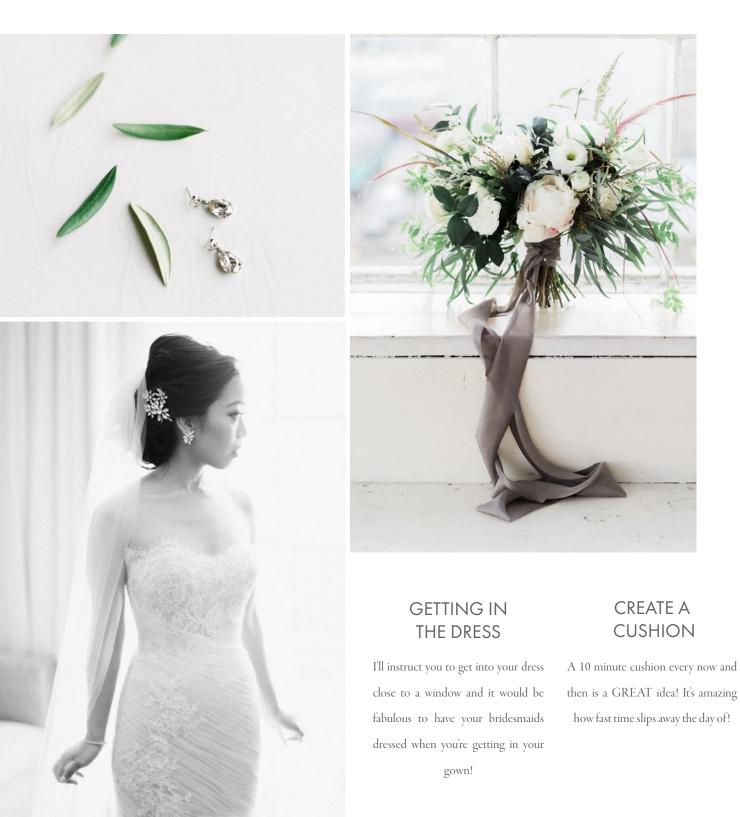

HAIR & MAKEUP

I encourage brides to have at least their makeup done before I start because who wants a ton of shots without their makeup on?! Nobody.

GROOMSMEN PREP

My second shooter (Allen) will photograph the guys getting ready if they are getting ready in the same location as the bride or within 10-15 minutes if elsewhere.

TIMING TIPS

THE BRIDAL BOUQUET

There are so many expenses when it comes to wedding planning. Many brides have to prioritize what they want to invest in. I just want to give a little tip that can save money and make a huge impact on the way your images turn out. If you're having trouble making a decision about your florals, here is what I suggest. I recommend making your bridal bouquet a big priority! When I'm photographing a wedding, if the bride has a gorgeous bouquet, I can make the entire day look like there were beautiful florals everywhere! I can use the bridal bouquet to spruce up bridal details, reception details AND even bride and groom portraits as well! The bridal bouquet is a focal point for me when it comes to your photography and so I highly recommend getting your DREAM bouquet and investing less on the bridesmaids bouquets since they will not be photographed nearly as much!

VEIL OPTIONS

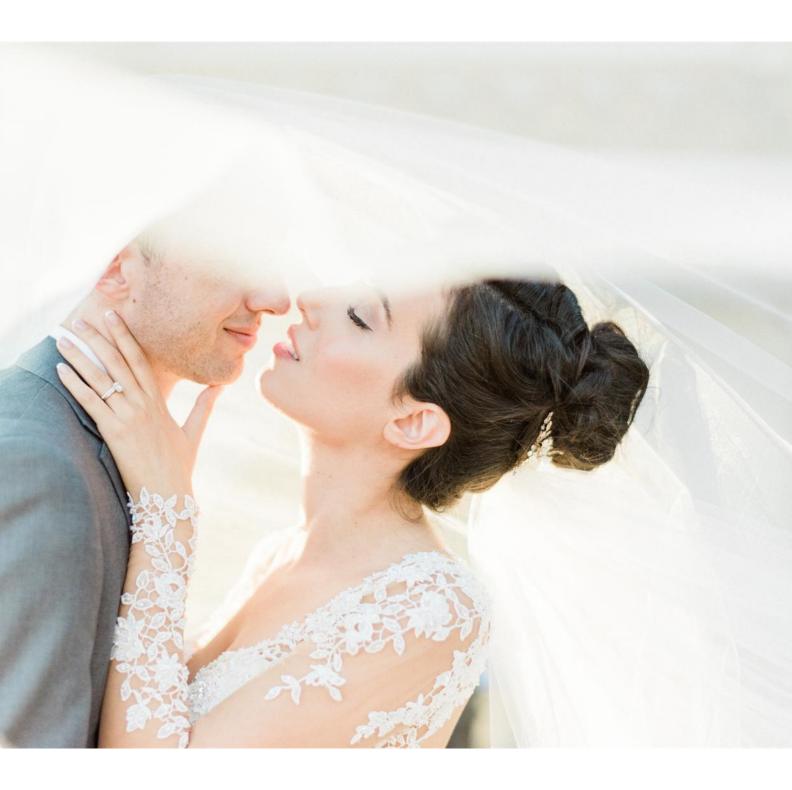

Since 90% of our couples opt for a First Look, we have options for the bridal veil! I recommend that the bride only wear her veil when she comes down the aisle and I recommend this for three different reasons. 1. This is something new for your groom to see when you're walking down the aisle! 2. A lot of times, during a First Look, the groom is so excited to see his bride that he accidently pulls the veil out when he throws his arms around her! And 3. Saving the veil for the ceremony ensures that I will get some "Just Married" portrait time with the couple because EVERY bride needs to have a "Veil Blowing in the Wind" shot of their own! This isn't a rule that we ask all brides to follow, it's simply a suggestion that we make after having photographed over 200 weddings!

YOUR FIRST LOOK

Your first look is an amazing part of your wedding day! If you aren't sure about this tradition, the next few pages will explain why it would be a romantic addition to your wedding day celebration that not only adds to the experience but also reduces stress. Please know that we would NEVER want any of our couples to feel pressured to go with this option. However, we do want to make sure that we share all of the benefits of a first look because there is a reason 90% of our couples do it and LOVE it!

FIRST LOOK | why it's worth it

40% MORE PORTRAITS

You're investing a lot into your wedding photography. With a first look, you'll receive 40% MORE portraits of the two of you... and those are the images you will decorate your first home with! We can knock out a portion of these before the ceremony and do sunset or just married photos after the ceremony. With a first look, you make the most out of this large investment and get the most for your money.

ENJOY THE SURPRISE FREELY

You actually get to have intimate time on your wedding day with your man. Most brides don't realize that when you come down the aisle and totally SHOCK him with your gorgeous-ness... he can't even tell you how amazing you look. He can't touch you, embrace you or even SPEAK to you. You have to wait until 30 minutes later when the ceremony is over for him to react and tell you how amazing you look. And after 30 minutes of the ceremony, the reaction isn't the same as the initial first glance.

EXTEND YOUR DAY BY 3 HOURS

First Looks allow you to extend your wedding day. Normally the wedding day would start when you come down the aisle, then the ceremony would end, you would rush through portraits so that you're not late for the grand entrance and then it's reception time. With a first look, your wedding day is extended by almost 3 hours! Instead of being rushed for your bridal party portraits... you actually get to enjoy them and have fun hanging out with your BEST friends on your wedding day. The WHOLE first half of my client's wedding albums are filled with images just from this time together before the ceremony.

YOUR ONLY ALONE TIME

First Looks allow you to be TOGETHER and alone on your wedding day. When you see each other, not only was will it be intimate, it will be your only time to be alone the whole day! Expect to cry and laugh and cry some more... and then that will put you in the PERFECT mood for romantic portraits. Normally portraits are a little rushed after the family formals and it can be hard to really get back into that "lovey dovey" mode.... especially with family around! When you have just shared your first look, you're READY to love on each other and I always capture some super sweet images during those moments!

DIMINISHES NERVES

You get rid of your nerves! I'd say, literally 1/3 of my couples who have decided to do a first look, the grooms were not fans of it at first. However, because they have never experienced their wedding day before, they didn't know how nerve racking it can be. I have testimonials from so many grooms who initially weren't a fan of the first look... but afterwards admitted to being SO much more relaxed and ready for the ceremony!

FOR THE BRIDE FIRST LOOK EXPECTATIONS

Bride's, if you have never seen your man cry or get emotional, you can't expect him to be overly emotional on your wedding day. Some guys just embrace their brides and never cry.... and that's OK. Some guys show very little emotion when their bride is coming down the aisle and that's ok too. Just enjoy this amazing day and try not to put any expectations on him. If you take this advice to heart, I could potentially be saving you a lot of disappointment on your day. One thing we have noticed after shooting close to 200 weddings is that the stress and nerves that come with a wedding day can sometimes make it hard for some grooms to truly express their emotions. It's just a lot to take in all at once, for the both of you. This is a great reason to share a first look and also a great reason to give some grace to your guy! My encouragement to you is to enjoy this time together, this moment of intimacy that can only be shared between the bride and groom.

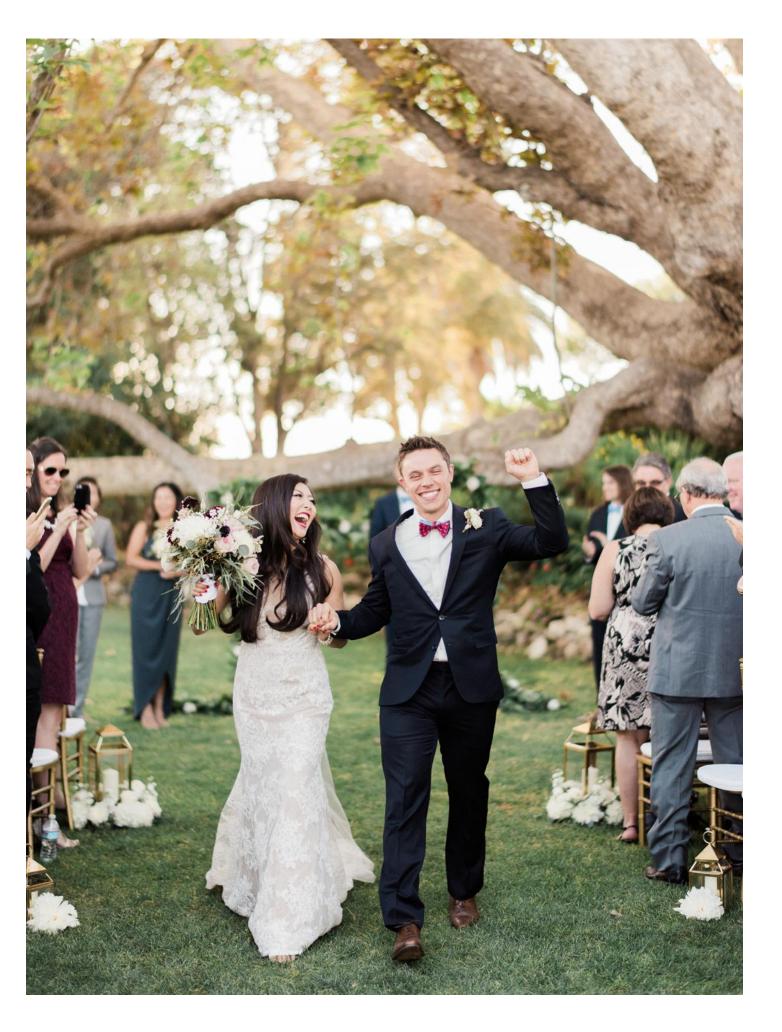

The Daddy / Daughter

FIRST LOOK

This is for all of the brides who have a sweet spot in their heart for their dad. I have to admit that Daddy/Daughter first looks make me a little teary. For a lot of dads, this is when everything feels real and it hits him... "My baby girl is getting MARRIED!" These are precious moments to photograph and I highly encourage any daddy's girl to make time in their timeline for this moment. It doesn't take long at all! The hardest part is making sure dad shows up on time! If dad doesn't show up on time, the whole timeline can get thrown off or we'll have to skip the daddy/daughter first look. Another sweet idea we've seen is having the father of the bride escort the bride to ber first look!

THE CEREMONY

Here it is! The moment everyone has been waiting for! The music is playing and the guests have been seated. Ushers make their way to the back and the coordinator is lining up the bridesmaids while giving the musicians a 5 minute warning. The bride is about to walk down the aisle to the love of her life. Vows will be shared and promises will be made... this is what it's all about. In a world full of wedding blogs and bridal magazines, it's easy to be overwhelmed and consumed by the "prettiness" of the event. While details do matter and planning is necessary, it's important to never lose sight of the real purpose of this amazing day! Breathe and take it all in.

LIGHTING

Ceremony lighting is really important. If you get married outdoors at 12pm, the lighting will be extremely harsh and not only will there be harsh lines of light on your faces, you will also be squinting. I suggest planning an outdoor ceremony 2 hours before sunset if you are having a FIRST LOOK. If you are not interested in sharing a first look, then I would suggest having your ceremony 3 hours before sunset to ensure that you will have plenty of time for all of your portraits afterwards. The lower the sun, the more romantic the lighting. If you are having an indoor ceremony, it is always best to have EVEN lighting at the altar: If there are two spotlights on the bride and groom, I will not be able to expose the rest of the bridal party. It is better to have soft, even light across the whole altar:

ORDER OF SERVICE

I have seen so many couples do so many AMAZING things during their ceremony. I've photographed couples washing each other's feet, symbolizing that they want to serve each other for the rest of their life. Some couples lock a time capsule together while some light a unity candle. I've seen sand ceremonies, rope ceremonies and even watering a plant they'll help grow together. The options are limitless!! As you plan your ceremony, make sure you design it to be exactly what the two of you envision it to be. This is your day!! If you have the freedom to be creative, then by all means, be creative!! Allen and I eloped at a courthouse and wish we had a unique and quirky ceremony that reflected our personalities.

PROGRAMS & DETAILS

The BEST advice I have for the program making process is to remember that not EVERY guest needs a program! There will always a large pile of left-over programs at the sign-in table because most families would only pick up one for everyone. Before ordering your programs, have SEV-ERAL people check it for spelling and grammatical errors. Programs and the ceremony decor are things that the bride can plan in advance but then delegate the actual job of setting it up to a friend or coordinator. The last thing a bride needs to be doing the morning of her wedding is running around setting up floral arrangements! This leads me into my next column...

COORDINATION

Hiring either a full event planner or just a day-of coordinator is SO important!! Brides realize very quickly that if they do not have someone in charge of the coordination of the day, that responsibility will automatically fall on the mother of the bride, the photographer, or the BRIDE! When a photographer is in charge of the timeline and the coordination of the day, the images will suffer. All of my most stressful wedding situations were caused by a lack of organization and coordination. It's so important to make this a priority. If you need any recommendations on wedding coordination services I would love to share some of my favorite vendors with you!

DESTINATION weddings

If you are planning a destination wedding, your details, your timeline, and even your preparation for the big day will not change much. However, it is a good idea to start thinking about a few key components of the day such as: your ceremony time and your couple/portrait locations (some destination weddings require some planning to find portrait locations without tourists in the background). Be sure to check the sunset time at your wedding location before settling on your ceremony time. As your wedding day draws closer, we'll begin to chat about the timeline of the day and the logistics. We always arrive 2-3 days early just in case of travel delays and to allow time in case you want rehearsal coverage or a portrait session in a location that we wouldn't be able to get to on the wedding day. Get excited!! This is going to be amazing!!

Sample List for

FAMILY FORMALS

Family photos is not only important but essential during the wedding. These are photos that you may cherish the most! The day-of is normally our first interaction with them and so we love to have a game plan for this part of the day. Five weeks before the wedding, you'll receive a questionnaire from us that will ask you to list out the family formals you want us to capture. Here is a sample family formal list to help you start preparing what shots you need. We do have to limit the family formal time in order to ensure that we have plenty of daylight for your romantic portraits. Please allow 2 minutes per grouping. Any large family group shots (ex. Extended family) that we don't accomplish during family formals, we can be sure to capture at the reception (they'll be called up to your sweetheart table or dance floor during dinner)!

ROMANTIC PORTRAITS

If we're being bonest, all of the wedding day images are important but the real favorites are almost always from my time with the Bride and Groom! These romantic portraits of just the two of you will be the images that you frame beside your bed or over your mantle and they will also be the images that will fill your album for generations to enjoy. These images are always my favorite not only because of their beauty but because this is such a sweet portion of the day. For this brief moment in time, you will be alone with your groom on your wedding day. You will have a chance to love on each other and really connect before the craziness begins! Romantic portraits are normally done before the ceremony (after the "First Look") and then I LOVE shooting a few "just married" portraits after the ceremony as well! This is when the light is low and golden. It's such a romantic time for bride and groom portraits! If you're not interested in a first look, we will make sure to include time after the ceremony for these portraits. Please do consider we'll need approximately 60 minutes of sunlight after the ceremony to maintain our naturally lit style if you opt out of a first look!

PORTRAIT LOCATIONS

One of my favorite parts of my job is taking something so ordinary and making it look absolutely amazing. This happens most often when it comes to picking portrait locations. If there is one thing that I love and appreciate about my couples, it's that they trust us! Sometimes I select portrait locations that most people wouldn't consider attractive. For example, the image on this spread was taken beside a dirt ditch to the right and houses to the left. There was nothing special about this place besides the LIGHT. Because my couple trusted me and they were willing to take a few minutes for sunset photos they now have the most amazing portraits. So my encouragement is to just trust us! You don't have to worry about a thing. Trust our locations and I promise you, you'll LOVE the results,

THE CASE OF A RAINYwedding day

One of the most frequently asked questions that we receive during wedding season is "Soooo, what do you do if it RAINS?!". I want to reassure you that even if it rains, you will still have beautiful portraits and BRIGHT colors in your images! Overcast skies mean vibrant colors. I know that rain isn't ideal and no bride would wish for rain on their big day but if it happens, it happens.... and it's going to be JUST fine! Some of our best weddings have been on rainy wedding days. Here are a few things to remember:

1. All I need to create natural light portraits on a rainy wedding day is a porch! Just one porch!

2. Let me worry about the pictures. You have enough to think about. If there is a chance of rain, I'll be sure to do some extra scouting to find a covered location or two for us to use for you first look, romantic portraits and bridal party/family portraits.

3. Take it one step at a time. Don't think about your entire day and what will happen if it rains. That will only overwhelm you! Definitely have a rain plan for your venue but then let your vendors do the work of handling the rest of the day if rain is in the forecast.

Don't let the fear of rain steal your joy. It is out of your control and we promise we will make the best of it!!!

YOUR WEDDING PARTY

Lets chat about your wedding party! This is when the fun REALLY begins! I know from experience that all brides want their closest friends to have an AMAZING time during their big day and I will make sure that bappens. Wedding party portraits should be a ton of fun! After you share your first look, depending on the locations and the timing of the day, your wedding party will join us for portraits. If all goes well, we will be able to accomplish ALL of your wedding party portraits BEFORE the ceremony. This means that your guys and gals will be free to mingle at cocktail hour if they wish! If there are flower girls and ring bearers involved, they can either join us for the pre-ceremony portraits or we can take one final group photo after the ceremony, before family formals. Be sure your groomsmen arrive with boutonnieres and your bridesmaids arrive with bouquets to save

RECEPTION DETAILS

The party is here! Receptions can be a blast! However, it's important to make sure that you have your event well thought out. This is the job of your coordinator and your DJ/Band. Your caterer will also play a big role in the design and set up of your event. Every aspect of your reception affects the overall outline of the evening. For example, if you're not having a plated meal, your reception will need to be set up in a way that allows movement. Guests will need to be able to find the food stations easily and there will be a mixture of dinner tables and hightop cocktail tables. This will encourage guests to mix and mingle. If you are having a plated dinner, you will more than likely need escort cards, full place settings and space for all of your guests to be seated comfortably. Whatever the style of your event, make sure that you plan out all of the aspects of the evening. Your coordinator and DJ can help you set up the evening so that guests won't leave early or experience long periods of waiting for the next thing to happen.

Much like the ceremony, you have the freedom to make your reception your own! It's your party, it should be exactly how you want it to be! Here is a list of some key events that happen often at receptions:

- Bridal Party Introductions
- First Dance
- Daddy-Daughter Dance
- Mother-Son Dance
- Anniversary Dance
- Money Dance
- Traditional Religious Dances

- Welcome by Father of the Bride
- Blessing
- Cake Cutting
- Toasts
- Bouquet and Garter Toss
- Large group portraits with friends/extended family
- The grand exit of the Bride and Groom

RECEPTION TIPS

The fun has begun! It's time to relax, dance and celebrate!! Your reception should be a BLAST! The last thing you need to be worrying about is your timeline. Your coordinator and DJ should take care of making sure that everything stays on schedule so that you can enjoy your night. Here are some helpful tips that will help your reception flow smoothly.

- GUEST CONSIDERATION : Take your guests into consideration when planning your timeline. If you have a lot of elderly guests that will not be staying until the very end, make sure you schedule the cake cutting at a relatively early time so that they can be a part of it. Grandma's love seeing this sweet tradition!

- KEEP IT MOVING : Chat with your coordinator about how you can plan your reception in a way that will keep guests engaged and moving all night!

- MAKE IT YOUR OWN : If you want to have a special dance with your grandparents, do it! Make your reception a reflection of who you are and don't feel tied to traditions. Also, make sure you give your DJ or Band a "Do Not Play" list if there are some songs you really don't want to hear during your reception!

- DON'T GET CAUGHT UP in the formalities and the details. Sure, details are pretty and fun to photograph, but they can steal the joy of the day if you get too caught up in them. Plan your centerpieces, welcome table, etc. well before the wedding date and teach your coordinator or family friend how to set them up so that you aren't even thinking about those things the day of!

- RECEPTION COVERAGE : If you haven't purchased enough coverage time for your photography to last until the grand exit, that's okay! We have several options! (See next page!) I recommend planning your timeline so that you can have approximately a half hour of dancing photographed. The guests who dance during the first hour will still be dancing in the third hour! A half hour of dancing will be enough time to really capture the joy of your reception!

- LIGHTING : Ambient lighting really adds to the mood of reception photographs. up-lighting for inside, hanging market lights for outside, and lots of candlelight around and on your tables. If you have a spotlight, avoid having it directly above your heads, a 45 degree angle is the most flattering!

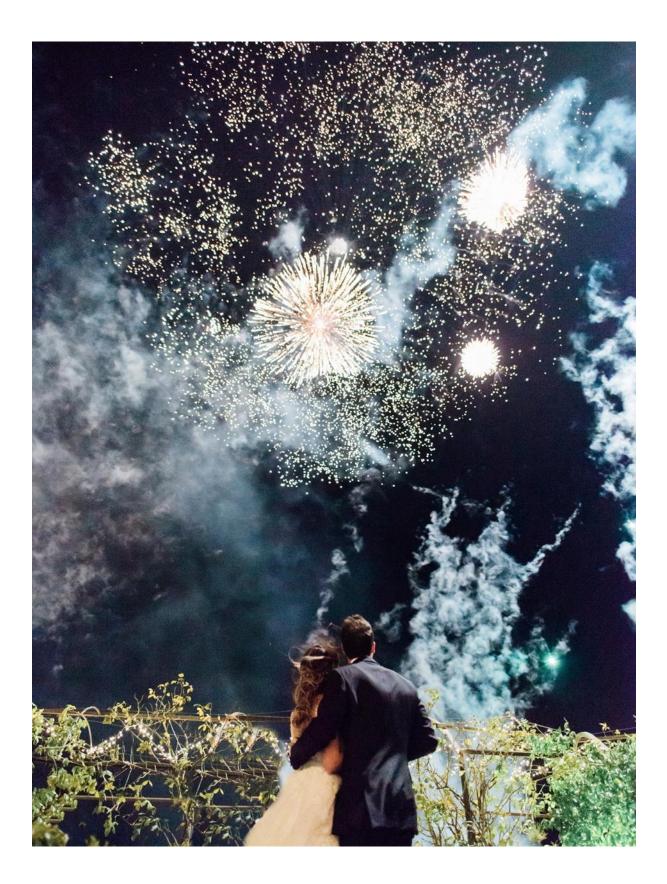

RECEPTION: CONTROLLED EXITS

Exits! If your coverage ends before your exit, you have the option of planning a faux exit with your bridal party! This is more common than you may think. Instead of saving your exit until the very end, you can plan a faux exit with just the members of your bridal party and a few family members! This allows us to have more control over these shots and the party NEVER has to stop. In most cases, no one even notices that the bride and groom are missing for a few minutes! Also, it's almost impossible to tell that the all the guests aren't there waving sparklers and sending off the happy couple. This idea allows our couples to save money and still have all of the shots that they dreamed of!

LEGACY ALBUMS

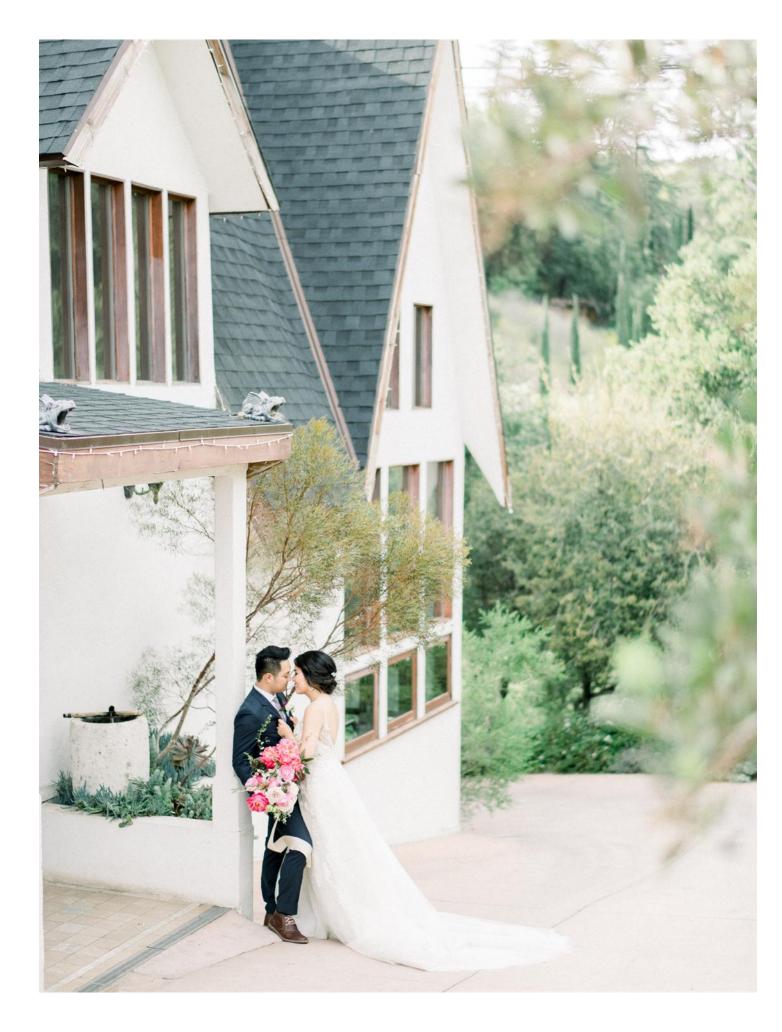

Most people would say that how would grab their pets and their wedding album if their house was on fire! Could they always build another wedding album if something happened to this book? Yes. However, there is something special about creating your first heirloom. Having digital images is wonderful but having a printed keepsake that tells a visual story of our wedding day is priceless. If you haven't already invested in a Legacy Album of your own, you can always come back to us at any time and order one. We aren't a photography business that pushes product sales at all. However, these albums are important not just for our couples to have... but for their grandchildren to enjoy as well.

SIZE OPTIONS: 8x8, 10x10, 9x12, 12x12, 11x14

SAY THANK YOU WITH A PARENT ALBUM :

A wonderful way to say thank you for your parents is to surprise them with their very own albums on Christmas morning! After the wedding chaos is over and life returns to normal, or if you want to surprise your parents with their very own albums from your wedding for Christmas, let me know before November 1st so we can get them ordered!

YOUR ONLINE GALLERY

Years ago you had to order prints of the images that you wanted to have forever. That isn't how we work around here! We want you to have ALL of your memories in your possession forever and ever. We also want you to share your images freely and without any hesitation. This is why we deliver your images via an online gallery within four weeks after your wedding (one week for engagement sessions!). This means that you don't have to wait on a package in the mail and you'll have access to them wherever you are. Everything you need to know (how to download, favorite images, share, etc.) will be in the e-mail with your gallery link!

THANK YOU!

Last, but certainly not least, THANK YOU for trusting us with your special day. Allen and I are so honored to be the ones capturing your memories and we cannot WAIT to celebrate alongside of you! Enjoy this season of planning but also remember that your MARRIAGE is more important than the wedding. The wedding will come and go in a matter of hours but your marriage needs to stand the test of time. Continue to make time for one another, even with all that needs to get done. As you continue to plan, please feel free to contact me with ANY questions you may have along the way! Depending on your date, our next step would be to finalize an engagement session! Also, about 5 weeks before the wedding, you'll receive an online questionnaire that will provide me with everything I need to know for your big day!! I hope this guide has been helpful as you continue to plan and prepare for your wedding day!

Love, Emma & Allen
